MADISON MEN CALLED AT TRIAL

Many Witnesses From Here At Examining Hearing Of Fox In Winchester

The Reese Fox trial at Winchester ran over from Friday to Saturday. A large number of Madison county people are attending, some having been summoned as witnesses. It is understood that the defense will attempt to impeach the testimony of Hardie Smith, ferryman, who says he saw Hardman and Fox cross the river at Boonesboro late on the night that Renaker was killed. Among the witnesses summoned by the Commonwealth to appear Saturday were Dr. D. J. Williams, W. B. Turley, Van Benton, Claude Devore, George Goodloe and Joe P. Chenault.

Winchester, Ky., Aug. 26—The examining trial of Reese Fox, accused of having been an accomplice of Scobee Hardman, alleged murderer of Leon Renaker, wealthy poultry dealer, will resume this morning when the defense will introduce Carl Mahan, declared to be an important witness, who has been at Camp Knox in training with the Clark county hospital company No. 137.

When county court convened at 10 o'clock Friday morning it was requested that the arrival of Mahan be awaited, but when the session opened at 1 o'clock he had not arrived.

When the examining hearing began the courtroom was crowded to capacity with relatives of the accused man, members of the family of the murdered turkey king and connections of Hardman prominent among the attendants.

The greater part of the testimony introduced followed the same lines as those of the examining trial of Hardman, although the defense is expected to introduce a new angle today when it introduces testimony to prove that Hale M. Kreis, of Lexington, a traveling salesman, and Harvey Ringo, of Richmond, were occupants of a Dodge roadster which crossed Boonesboro ferry the night the murder was committed and that their machine was probably mistaken by the ferryman near the bathing beach for that in which Fox and Hardman were alleged to have crossed the ferry in after midnight, near the time of the murder.

Fifty witnesses were sworn in for the defense and 27 for the Commonwealth. There were a number of witnesses summoned to corroborate the testimony of Hardin Smith, ferryman, who stated that he saw Hardman and Fox cross the river the night Renaker was supposed to have been murdered.

When Fox entered the courtroom he was calm and did not appear to be nervous. He was still limping and wearing a tennis shoe as the result of having sprained his ankle in a recent ball game. County Attorney H. H. Moore, Maury Kemper, of Lexington, J. T. Metcalf and Frank Stivers, who has been doing some work on this case in conjunction with Mr. Kemper, were seated at the prosecutable. The defendant, his mother and his attorneys, James G. Denny, of Lexington, G. F. Wycoff and Rodney Haggard, occupied the table assigned to the defense.

The Commonwealth called 11 witnesses during the afternoon and only attempted to prove that Scobee Hardman had a motive, not bringing out much evidence against Fox.

Mr. Kemper, when Mr. Denny objected to his line of examination when he was cross examining Mrs. Renaker, said that the prosecution would first show that Hardman had a motive and that second it would show that Hardman and Fox had conspired.

Former Vice-president Marshall declares he will not accept the Presidential nomination in 1924 if it is offered to him.

Senators Phmerene and Robinson, Democrats, attacked Secretary Hughes' defense of Newberry in the Senate.

LEE COUNTY BOY BURNS TO DEATH

When Lightning Strikes Home — Other Fatalities and Damages In Storm

(By Associated Press)

Louisville, Ky., Aug. 26—Reports today say Henry, Washington, Mason, Taylor, Shelby, Henderson and other mid-state counties today are recovering from the effects of a hurricane late yesterday. The property damage is estimated at a million dollars, chiefly to crops. The loss at Eminence and surrounding territory is estimated at half a million. At Campbellsville 12 homes were washed from their foundations and many bridges carried away by the flood. Approximately 16 barns and silos in Henry county were razed.

At Beattyville Alfred Little, 14, son of J. C. Little, was burned to death when lightning struck their house.

Two Killed By Lightning

(By Associated Press)

Springfield, Ky., Aug. 26—Morgan Cheatham, 40, and his nephew, Raymond Wilkerson, 19, were killed by lightning three miles north of here in a tobacco barn where they had taken refuge yesterday afternoon from a storm which swept Washington county. A number of persons were injured by lightning. Wind caused minor property damage over a wide area.

5 KENTUCKIANS DIE WHEN TRAIN HITS CAR

(By Associated Press)

Princeton, Ind., Aug. 26—Five persons were killed, and one seriously injured today when a Chicago and Eastern Illinois passenger train demolished an automobile at a street crossing in Haubstadt, ten miles south of here. The dead are William Burris, 28, druggist, of Henderson, Ky., his son James, 7, daughter; Burris' sister, Mrs. C. C. Sellars, 30, and her daughter, Evangelie, 5. Burris' wife, Elmore, had both legs crushed and sustained internal injuries. The party was returning to Henderson, their home, after a visit to St. Louis.

Richmond, Ky., Aug. 26—The Chase, official organ of the Kentucky Fox Hunters, has the following tributes in the current issue to the late Harris Crooke, of Madison county:

"I read with deep regret in the Richmond, Ky., paper about the death of R. H. Crooke. Harris, as he was called by his friends, and he counted them by the thousands, was at one time one of the most attractive and best posted breeder of hounds in Kentucky, living near the homestead of Gen. Wash Maupin, and being an intimate friend of the Maupins, he was certainly versed in the old Maupin hounds. I have often heard him tell of Tennessee Lad, when and where he came from and about a great many other hounds the General owned. He promised to write a story of Tennessee Lad, but his illness prevented him from doing it."

Two men lost their lives and two others were wounded in a dispute over wages between a farmer and his tenant at Calico Rock, Ark.

ALLEGED SLAYER OF BOEN STOCK ARRESTED

James Todd, Negro, Gives Self Up To Police After Being Sought Several Days

(By Associated Press)

James Todd, negro under 20 years of age, has given himself up to the Richmond police after they had combed the city for him throughout several days. He is alleged to have poisoned stock which was the property of Ba Zoen, also of this city. Todd gave bond to the sum of \$500 to appear in county court for his examining trial Tuesday.

The crime was committed a little over a week ago and Mr. Boen suffered the loss of five hogs and one horse. The negro was a suspect from the start as he had threatened to inflict a loss of a thousand dollars upon Mr. Boen when the latter caught the young negro stealing coal from the coal yards of Powers & Benton between Orchard and Hallie Irvine streets.

No other could be even suspected of such a lowly trick. Both county and city officials have been on the lookout for Todd but had made little headway until he put in his appearance at the police station to give himself up. Unusual interest has been manifested in the case here and the court house will be packed for the examining trial, officials believe.

MADISON FOX HOUNDS CONTINUE TO WIN

(By Associated Press)

Dallas, Tex., Aug. 26—The Ku Klux Klan promises to be an issue in Texas politics until after the final elections in November. It has become a vital issue in the Democratic party especially in the race for Democratic nomination for United States Senator, and is creeping into the race for nomination for lesser state offices. It also has been a bitter issue in certain counties.

The action of the Republican state committee in opposing the Klan in its platform, adopted in convention at Fort Worth August 9, precludes dropping of the issue after the Democratic primary of August 26. Politicians declare they see a bid by the Republicans for the anti-Klan Democratic vote in the platform plank opposing the Klan.

The Republicans, for the first time in a number of years, have a full state ticket in the field. Heretofore nomination on the Democratic ticket has been considered equal to election, with only an occasional exception.

There are few members of the Republican party optimistic enough to declare they expect success this year, but they do say they expect the Republican vote will show an increase and the Democrats will not have as easy a time as in the past.

WHEN THE REGISTER DOESN'T COME

My father says the Daily Register ain't put up right. He finds a lot of fat in it, he does, perusin' it all night. And that it doesn't print a single thing in it worth while to read. He tosses it aside and says it's strictly on the bum—

But you ought to hear him holler when the Register doesn't come

He reads the wedding's and he snorts like all get out, He reads the social doin's with a most derisive shout. He says they make the paper for the women folks alone; He'll read about the parties and he'll fume and fret and groan. He says of information it doesn't have a crumb—

But you ought to hear him holler when the Register doesn't come

He's always first to grab it, and he reads it plumb clean thru, He doesn't miss an item or a want ad—this is true. He says "they don't know what we want, the durn newspaper guys:

"I'm going to take a day some time an' go and put 'em wise. "Sometimes it seems as though they must be deaf and blind and dumb—"

But you ought to hear him holler when the Register doesn't come.

SHACKELFORD TO TALK TO ROTARIANS

HOSPITAL UNIT DOES FINE WORK

Members of the Richmond

Rotary club have a treat in store for them at their regular weekly luncheon Tuesday at noon at the Hotel Glyndon. Commander of Major Omer F. Hume, is making a record to be proud of by any organization, and which few equal. Although it has had no experience in military training before it ranks among the best now in camp and has received honorable mention from the Post Commander and other ranking officers. Much of this credit is due Lieutenant Yates and Sergeant Long, of the regular army, who have had the field training of the unit in hand. It was the first organization in camp to pass inspection of 100 per cent, which fact alone is quite an honor. The boys, in all probability, will break camp the coming Sunday and will arrive home early Monday morning. Below is the daily schedule carried out by these men.

5:15 a. m.—First call for reveille.

5:20 a. m.—Assembly.

5:30 a. m.—Reveille.

LATE NEWS NOTES

Two Months Could Not Turn in Bed.
Lydia E. Pinkham's Vegetable Compound Finally Restored Health

Seattle, Washington.—"I had dragging pains first and could not stand on my feet, then I had chills and fever and such pains in my right side and a hard lump there. I could not turn myself in bed and could not sleep. I was this way for over two months, trying everything any one told me, until my sister brought me a bottle of Lydia E. Pinkham's Vegetable Compound. I took it regularly until all the hard pains had left me and I was able to be up and to do my work again. The hard lump left my side and I feel splendid in all ways. I know of many women it has helped,"—Mrs. G. Richardson, 4640 Orcas St., Seattle, Washington.

This is another case where Lydia E. Pinkham's Vegetable Compound brought results after "trying everything any one told me" had failed.

If you are suffering from pain, nervousness and are always tired; if you are losing weight and good for nothing, take Lydia E. Pinkham's Vegetable Compound. You may not only relieve the present distress, but prevent the development of more serious trouble.

WILL YOU HELP THE DEMOCRATIC PARTY TO WIN THIS CAMPAIGN?

If so the most helpful thing you can do now is to contribute to the Democratic Educational Campaign Fund so that the Educational work of the Democratic National Committee can be carried out as planned.

The Democratic National Committee Needs Money and Needs It Now

For the purpose of getting the record of failure of this Republican Do-Nothing Congress and Do-Nothing Administration before the people, and to show them again the road to Democratic Prosperity, which they traveled for eight years of Democratic rule.

Send Your Contribution Today to the DAILY REGISTER.

The Democratic National Committee has arranged with the publisher of the Daily Register to receive and receipt for contributions. A duplicate receipt will be mailed from Democratic National Headquarters.

Give What You Can Afford—Much or Little—But Give It Now

The Democratic Party has no privileged classes, no protected profiteers, no trusts or money-bounds to appeal to. It represents only the people, therefore it appeals only to them.

This is a Democratic year. Do your share to help win the victory.

Democratic Prosperity vs. Republican Disaster

The estimated wealth of the United States when President Wilson went into office in 1913 was \$185,000,000,000; it increased to \$300,000,000 in eight years of Democratic rule—a gain of \$115,000,000. The present wealth of the United States is \$225,000,000,000—a loss of \$75,000,000,000 in fifteen months under Republican rule.

Since the Republican party was voted into power in November, 1920, the American farmers alone have suffered a loss of nearly \$30,000,000,000.

Some Republican Broken Promises

The Republicans promised the country PROSPERITY; they have given it ADVERSITY.

They promised to stimulate agriculture and business; they have given an industrial panic and destroyed our foreign markets. Foreign trade declined from \$13,500,000,000 in 1920, to near \$6,000,000,000 in 1922.

They promised to reduce taxes; they have shifted taxes of the multi-millionaire and profiteering class to the smaller tax-payers without lifting taxes or reducing them. The Excess Profits tax relieved the Big Interests of paying \$450,000,000 in taxes; reduction of the higher surtax relieved the of paying \$61,500,000.

They promised to reduce the high cost of living; they have given a Profiteers' tariff bill which increases the high cost of living, and makes the farmer pay \$5 on everything he buys for each \$1 of "protection" he gets.

They promised to reduce the expenses of the government; they have increased the expenses of running the various departments of the government (1923 budget), three years after the war \$536,000,000 compared to 1915, three years before the war, with an estimated deficit of \$500,000,000 in addition—or \$1,000,000,000 increase.

REALIZES \$134.50
FROM 20 TREES

(By Associated Press)
Lexington, Ky., Aug. 25—When a farmer makes a net profit of \$134.50 from 20 trees in his home orchard that have been properly pruned, sprayed and managed, others farmers in his community are apt to take an interest in better methods of orchard management.

According to W. W. Magill, orchard specialist of the College of Agriculture, this is what has happened in Todd county where J. E. Hurt co-operated with the college extension division and County Agent I. C. Graddy in conducting a demonstration to show the farmers in his community how to make more money from their fruit trees.

Mr. Hurt sprayed the 30 trees in his home orchard for the first time this spring according to directions given by Mr. Magill and County Agent Graddy, the total cost of the three sprays which were applied, being estimated at \$14.50. Twenty cents an hour for the labor of applying the sprays was included in the cost together with the market price of the spray materials. He now has an estimated crop of 150 bushels of apples that should bring \$150, leaving him a net profit of \$134.50, Mr. Magill said.

HEARD ABOUT TOWN

William Burnam saw a flock of pheasants up in Lee county near Yellow Rock the other day but couldn't get close enough to the birds to tell just how many there were. It is thought that they are probably the offspring of the chinless pheasants that were turned loose in various sections of the state a few years ago by the State Fish and Game Commission.

T. M. Russell, of Maysville, has resigned as president of the Blue Grass League. He says the enemies he made while trying to do his duty overbalanced the pleasure he got out of the job. Jim Park, Lexington's pitching ace, has been on the sick list for some time.

The towns in the B. G. league all seem to be supporting their teams satisfactorily. Richmond ought to have been in the league, Mayhap next year she will. A good diamond at Boonesboro for the Sunday games would help a lot, too. What do the fans say?

There's talk, too, of a big fair at Boonesboro next year with a few trotting and running races, to put pep into the program. The fairs with the racing are all going big and proving big money makers. Madison, Clark, Fayette, Bourbon, Jessamine and a dozen other counties would send many enthusiasts to a fair at Boonesboro which already has a nationwide reputation as the best inland bathing beach to be found anywhere.

Automobile owners of Harlan county last year paid into the state treasury in motor vehicle licenses a total of \$10,116.92.

Mrs. Annie Park Wagers, of Woodland avenue, Lexington, a former resident of Richmond, received first prize on chow-chow, also on water melon, sweet pickle and two premiums on jelly at Lexington fair. She has a host of friends here who will be interested to know of her success who have known for many years that she has no superior in the culinary art.

BABE RUTH MAKES GOOD A PREDICTION

(By Associated Press)

Chicago, Aug. 26—Way back, when his home run total was expressed in only a single figure and when fines, suspensions and bleacher bantings were more of a daily occurrence than a four-base hit—Babe Ruth said the 1922 season would end with him the champion home run hitter of the major leagues.

In those days, back in May, Babe and Mrs. Ruth seemed to be about the only people in the United States confident of Ruth's comeback. Today, Ruth's challenge to Ken Williams, of St. Louis, whose home run hitting at the start of the season was a sensation, and Tilly Walker, of the Athletics, has begun to sound like the real thing.

Ruth, with the close of the season a little more than a month away, has 26 homers to his credit. Williams 32 and Walker 30. The Bambino smashed out four this week and the best Williams could do was a pair. Walker, however, connected with three. Ruth, if he continues his present pace, will make good his prediction in the judgment of baseball critics.

The race in the American league for batting honors continues to be a merry one with the veterans battling to overcome George Sisler, of St. Louis, who is showing the way with an average of .413. Ty Cobb, pilot of the Tigers, is trailing Sisler with .400 and Tris Speaker, leader of the Indians, is next with .370. The remarkable swing of Harry Heilmann of Detroit, the past week has placed him among the first four with an average of .363. The averages include Wednesday's contests.

Other leading batters participating in 90 or more games: Hobson, St. Louis, .336; Williams, St. Louis, .336; Schang, New York, .333; Galloway, Philadelphia, .330; Blue, Detroit, .330; Bassler, Detroit, .329.

Smashing out 13 hits in his last five games Rogers Hornsby, St. Louis star, succeeded in widening the gap to 10 points that separates him from his rivals in the scramble for batting honors of the National league, as compared to eleven points a week ago. Hornsby is batting .382, while Bigbee, of Pittsburgh, his closest rival, is hitting .363. Grimes, of Chicago, is just a point behind Bigbee.

Other leading batters for 90 or more games: Hollocher, Chicago, .354; Miller, Chicago, .354; Carey, Pittsburgh, .350; Kelly, New York, .344; Daubert, Cincinnati, .341; Walker, Philadelphia, .340; Johnston, Brooklyn, .337; Bancroft, New York, .337. The reign of Jay Kirke, the Louisville slugger, as batting leader of the American Association is ended—temporarily at least. Wilbur Good, of Kansas City, by driving out 11 hits in his last six games, dislodged Kirke from the front ranks. Good's batting streak gave him an average of .369, while Kirke dropped into third place with .366. Myatt of Milwaukee, is second with .367.
